DANDAMUDI'S

DESIGN IS IN THE DETAILS

How do you describe flawless execution? Is it one-on-one personable design service to ensure you get the kitchen you've been dreaming of? Is it exacting standards and high-quality craftsmanship as your kitchen is coming to life? Or is it the skip of your step when you feel confident in your choice? It is all those things and more. In a word, it's Dandamudi's.

What we do—and how we do it—is what elevates us above all others.

Design

For over 10 years we've been creating kitchens you've been dreaming of. Step into our showroom and enter a world of customization, personal interaction, and quality craftsmanship. We display over a half-dozen kitchens that you can play in to truly understand the quality and design expertise we bring to your home and lifestyle. With highly experienced designers on staff, we are confident we can meet your needs.

Selection

By offering both Plain & Fancy and Snaidero cabinetry we offer unprecedented variety to meet a wide array of tastes from French Provincial to cutting edge circular kitchens.

Snaidero collaborates with the finest award winning Italian designers to bring you the latest innovations in technology and design. With Snaidero, your home will stand out from all others.

Plain & Fancy offers a variety of door styles and finishes—you can even choose your favorite color and Plain & Fancy will create a cabinet in that shade. It is truly about customization within your reach.

How We Work

Dandamudi's provides a free initial consultation with our experienced designers and a budget estimate. Once retained, we will work with you to deliver detailed plans for your dream project that also fits within your budget. Our aim is to design a space that will be a source of pleasure for years to come. And because we don't have a design fee when you purchase your cabinets with us, you won't use up most of your budget before you buy the cabinets.

Project Management

At Dandamudi's, we manage every step of the design and installation of your custom cabinetry. This ensures quality work and flawless execution right up until you place the groceries in the cabinet.

Installation

When something's done right, people notice. But when something is created with flaw-less precision, that's when people really see, feel and experience the difference. Our installers can bring ease to an otherwise difficult project. Because of their experience and training, they will give you comfort in knowing that your project will be done right.

Quality Guarantee

Our exemplary service extends throughout the construction and finishing processes to ensure flawless execution. Both Snaidero and Plain & Fancy provide warranties that exceed industry standards.

Plain & Fancy Cabinetry

This true American dream came to life in 1968, over their nearly 40 years, the Achey family has built their reputation on crafting fine custom cabinetry that is made to order. Plain & Fancy's only focus is fine cabinetry and homeowners have come to learn that they can expect more from this extraordinary line that is

committed to constantly innovating without sacrificing function. Named, quite simply, for the cabinets they made...plain ones and fancy ones, Plain & Fancy makes some of the finest cabinetry east of the Mississippi. For almost any door style you can imagine, Plain & Fancy offers the best interpretations of classic American design within your reach.

Snaidero Cabinetry

Snaidero kitchens, designed by internationally famous figures such as Ferrari-stylist Pininfarina, Massimo Iosa Ghini and Lucci and Orlandini, are designed to last and to offer innovative solutions which increasingly improve the quality of life in your home. The result is a kitchen that reflects your taste

and personality, meant to become the place where the family assembles every day, somewhere to entertain your friends and prepare your favorite dishes.

That's why the person who chooses Snaidero doesn't just choose a kitchen, but a whole way of life.
